Thanks. It is interesting feedback and I think it folds into our discussion of a visioning prospectus with data as discussed at last meeting. I am more concerned that they are already jumping the cart before the horse, without engaging the BID or others for feedback.

Jonathan,

Overall, I think the concepts are good, but each one of those suggestions requires discussing individually. Since each one is a big project. I do not suggest that we jump into the deep end without discussing. I think we should think it through and proceed with caution. I would not feel comfortable writing a letter right now until each item has been vetted out with the Board.

Please see my notes attached.

FYI – The Northwest San Pedro Neighborhood Council is proposing a letter be

sent to our Councilman requesting several modifications to Downtown San Pedro. This may be something that we wish to support? Please see the attached #5 and the draft letter...

Thanks,

Augie
